

Barbara Newman – Educator and Author will be at Grosse Pointe Memorial Church

Saturday, April 13, 2019

1 to 3 PM

Fellowship Hall

God's Amazing Spectrum: Welcoming Children and Youth of Varied Abilities

This very practical session begins by discussing God's design for each person, enabling participants to understand many areas of disability such as AD/HD, autism spectrum disorder, cognitive disability, sensory processing disorder, reading and writing difficulties, physical challenges and more. Practical ideas for including children and youth in a church, school, and even home settings addressing each disability type will be explored. Consider coming with a team from your community so you can leave with an action plan ready to go for the next day.

This workshop is free to the community. Childcare will be available during the workshop. Please email lturner@gpmchurch.org or called 313-882-5330 #135 to request childcare and make a reservation.

Sunday, April 14, 2019

10 to 11 AM

Barbour Chapel

Attitudes and Adam

Adam's story, which even includes a famous NFL quarterback, is one that will allow us to think about the ways we view and relate to persons with varied abilities. Pairing Adam's story with "The 5 Stages – Changing Attitudes", come discover ways to imagine, strengthen and celebrate inclusion of persons of varied abilities at Grosse Pointe Memorial Church.
