# Introduction

---

“I therefore, the prisoner in the Lord, beg you to lead a life worthy of the calling to which you have been called, with all humility and gentleness, with patience, bearing with one another in love, making every effort to maintain the unity of the Spirit in the bond of peace. There is one body and one Spirit, just as you were called to the one hope of your calling, one Lord, one faith, one baptism, one God and Father of all, who is above all and through all and in all. But each of us was given grace according to the measure of Christ’s gift. “The gifts he gave were that some would be apostles, some prophets, some evangelists, some pastors and teachers, to equip the saints for the work of ministry, for building up the body of Christ, until all of us come to the unity of the faith and of the knowledge of the Son of God, to maturity, to the measure of the full stature of Christ. We must no longer be children, tossed to and fro and blown about by every wind of doctrine, by people’s trickery, by their craftiness in deceitful scheming. But speaking the truth in love, we must grow up in every way into him who is the head, into Christ, from whom the whole body, joined and knit together by every ligament with which it is equipped, as each part is working properly, promotes the body’s growth in building itself up in love.”

– Ephesians 4:1-7,11-16A

## Introduction: A Letter to our Congregation

Dear Friends,

Upon hearing that Peter Henry would be leaving our congregation in the Spring of 2019, one of our younger members asked, “Will there be another one?” In God’s gracious providence, the answer certainly is “yes” – but the identity of our next pastor remains as yet unknown to us. We are confident that we need have no fear, because God has loved us from the beginning and God’s love for us cannot be lost (1 John 4:17-19). Moreover, the book of Isaiah reminds us that the key is to remember who and whose we are – so that we proceed not from our own strength but because we are inhabited by God’s love, which drives out all fear (Isaiah 41:1-10; 43:1-7). And so we have continued to be the church together, traveling this interim season in hope, holding fast to the One who always holds fast to us.

During this season, our mission study process has provided space and time for us to process our deep feelings, to adjust, and to consider who we are, who God is calling us to be, and what kind of pastoral leadership we will need in our next season. We worked through this self-study with a goal of discerning how God is moving in our midst – and moving us toward God’s plan for our church. We’ve gathered demographic data, studied the church’s history, talked to community leaders, and asked you to describe and envision this church at its best.

Although the processes and procedures were unfamiliar to most of us, Mark and Sarah have led us faithfully and thoughtfully so that we’ve moved in confidence, embracing the words of Philippians 2:12: “It is God who is at work in you, enabling you both to will and to work for his good pleasure.” This is a time of transition from “what has been” to the next growing space. We give thanks for the past, for those who had vision, who planted and who watered so dreams could come true. We give thanks for tomorrow, full of surprises, knowing that whatever tomorrow may bring, the Word is our promise that we forever rest in God’s keeping, live in God’s love, and serve by God’s strength.

Through our conversations with you, we learned that GPMC comprises an amazing variety of diverse gifts, experiences, passions, and perspectives. And yet, we are held together by a shared inheritance and a common desire to participate in the creative, redemptive, and sustaining work of God in this community and abroad. Therefore, we look forward with eager anticipation and deep hope to learning how God will continue moving among us and working through us in the years to come.

---

With this report, our hope is to challenge and inspire the reader to be a part of God’s plan for Grosse Pointe Memorial Church. We wish to give special thanks to our program staff and to the many members of the church and our community who gave of their time and thought during interviews. We are also grateful to our families for giving us the space and time to do this work. Lastly, we want to recognize our larger family, the congregation, for joining us in prayer, study, and conversation. We are grateful to all of you.

It is with humility and gratitude to God that we present this report.

## A Brief History of Grosse Pointe Memorial Church

**Grosse Pointe Memorial Church** is a 1,200 member congregation of the Presbyterian Church (U.S.A.). Started in 1865 as the Grosse Pointe Evangelical Protestant Association, our long history is a rich one. The greatest treasures we have are our members. As a Presbyterian church, we are a congregation where every member is a minister.

While Grosse Pointe Memorial Church is served by an outstanding staff of ministers and lay people, we are all called to do God's work in the world, not just our pastors. In light of that commitment and all of the recent Congregational Conversations and our Congregational Survey, the following mission & vision statement has been adopted.

### Grosse Pointe Memorial Church

#### *"A Light By The Lakeshore"*

Grosse Pointe Memorial Church is an engaged community of faith, celebrating and demonstrating God's love through worship and service throughout Grosse Pointe, the greater Detroit area and around the world. Grosse Pointe Memorial Church is a member of the Presbyterian Church (USA), and part of the reformed tradition.

Sealed by the Holy Spirit and marked as Christ's own forever, we are called and committed to living out our love for God. Through worship, study and service we strive to continue God's transforming work by worshiping God joyfully, welcoming others Graciously, supporting one another lovingly and faithfully responding to our community and world with compassion.

---

As one of the committees called to the interim process at Grosse Pointe Memorial Church, the “History-to Our -Story” Team (HOST) has been executing our charge to plan, enact, and engage the congregation in the history of GPMC up to the present time. Our membership has changed significantly over the past 5-10 years. By showing our history to the current members, it will give them a sense of connection to our faith community. We decided to create a beautiful mosaic digital archive which we plan to keep alive for years to come.

Telling our congregation’s story required the examination of the church’s historical timeline and watershed moments which put a spotlight on the values of our faith community over the years. The activity also helped us identify where God calls us to act as a “Light By the Lakeshore”, as we pass these values on to future generations.

The committee has been gathering photographs and analyzing historical archives from many sources within the church. The most important element of our project was reaching out and obtaining stories from individual members of the church so we could build our digital archive.

Many of the stories focused on three recurring ministries which have been identified as essential to our faith community: music; children and youth education; and outreach and diversity. In sharing their experiences and relationships at GPMC, God’s grace can be seen as alive and overflowing through the people of our church.

We had a lot of fun working together as a committee and bringing our vision to fruition. The finished project is planned to be released in late October. A copy of the historical timeline used in our work is attached.

Respectfully submitted,

HOST committee members: Michelle Deland, Tamara Gilbert, Sarah Godbehere, Jay Lady, Joe Masinick, Lois Palazzolo, Martha Speer and Chick VanDusen

## The Mission Study Team

In the life of any organization, change is certain. GPMC is no different. In May 2019, Peter Henry was called to a new life of ministry in Davison, North Carolina following 12 years as our beloved pastor and head of staff. Because we served with Peter for so many years, many of our newer members weren't familiar with the interim process or the value of a mission study. Providentially, Mark Diehl arrived as our interim pastor in November 2019 to walk with us through this season of change. Mark's pastoral and administrative leadership were gratefully welcomed as he worked with our talented and committed programs, administrative staff and our faithful session. With Mark's guidance and counsel, the session commissioned GPMC's Mission Study Team (MST) in February 2020. The MST comprised 7 members, reflecting the congregation's diversity across a number of measures, including age, gender, and length of membership: Julie Huellmantel (chair), Didi DeBoer, Don Ditmars, Chelsea Gilbert, Dan Grano, Carolyn Harris, Suzanne Hofmann, and Staff - Mark Diehl. The session commissioned the MST to lead the congregation through the mission study. Specifically, the MST was charged to engage with the congregation and the larger community to discern God's voice and direction for GPMC. Our mission study involved careful and prayerful reflection on our history and demographic data, thoughtful listening to community leaders, and deep conversations with congregants about who we are and who God is calling us to be. Through the process of studying and praying together, the team endeavored to discern where God is calling this church family to serve in the next season of its life. This process also allows the MST to facilitate GPMC's reaching of a deep, honest, and mutual sense of call with a new head of staff when the time is right.

The entire process is described in detail in Appendix B.

## Mission Study Team Activities

### **ENGAGING OUR CONGREGATION**

The duration of our mission study has been a time to travel together, and provided the time and space for many of us to process deep feelings of grief and gratitude, as we adjusted to life and church in Peter's absence. It also provided us time to consider who we are, who God is calling us to be, and what kind of pastoral leadership we will need in our next season. Unique to our situation, as we began the mission study process, was the outbreak of the COVID-19 pandemic and the resulting limitations on our ability to gather. The Mission Study Team sought to listen carefully to our members' voices and to discern God's leading in all that was shared. In particular, the **Congregational Survey** and **Congregational Conversations(CC)** provided rich information. For Grosse Pointe Memorial Church, the mission study process has been at least as valuable as any data that it has produced. Participants in the process were open, engaged, and seemed eager to talk with one another, to share, and to be together (albeit virtually) in this transition time. There was a shared sense of good spirit, energy, and optimism in all the conversations. Many participants expressed gratitude for the opportunity to share their voices and to learn from one another.

### **CONGREGATIONAL SURVEY**

The Congregational Survey captured both demographic data and thoughtful responses to open-ended questions that deepen our understanding of who we are and where we hear God calling us to act and serve. (See Appendix G) The survey, which was accessible in both hard-copy and on-line formats, was released to the congregation on June 23, 2020 and closed on August 31, 2020. We received nearly 176 survey submissions from GPMC participants.

### **CONGREGATIONAL CONVERSATIONS**

Twelve Congregational Conversation gatherings took place throughout July and August. These gatherings were held during existing bible studies, youth group and young adult gatherings, preacher's workshops, book clubs, Outreach Council meeting, small group friend gatherings and 4 tailor-made Zoom gatherings accessible through Sign-up Genius. Individual meetings were also held with all program staff members. Most meetings lasted anywhere from 45 to 90 minutes and included both youth and adults members.

---

The MST gleaned rich insights into how members see GPMC, with a focus on the following questions: 1. Why do you participate in the life of University Presbyterian Church? 2. What do you think God is calling UPC to do and be? 3. How can we strengthen the congregation to respond to God's call? 4. What skills, experience, and personal characteristics in our new pastor would be most supportive of our work in response to God's call? The participants were given the questions ahead of time to reflect and write down their thoughts. (see Appendix G for Congregational Conversation reflections and discussion.)

## Demographic Study of GPMC and Surrounding Community

The following graphs and statistics come from the Southeastern Michigan Council of Governments (SEMCOG). Data is for the five Grosse Pointes and Harper Woods. Graphs related to Population, Income, Race, and Education are included as they are most relevant to a church population and most informative for an incoming pastor to understand the larger community at a surface level.   - i) Continue to engage families through the church and provide community support during the pandemic
  - ii) Faith communities have access to resources and flexibility to serve the needs of the community. They also have the social capital in the congregation of people to help.
  - iii) A new virtual role of the church. Connecting the local suburban and the urban community with outreach.
  - iv) There are deep divisions in the community and the nation. We have lost sight of the values that unite us and become distracted by the issues that separate us. Churches can play a role in meeting the challenges faced by these political, ideological, and personal divisions by encouraging people to look to how God unites us and then build on that connection. Churches can bring people together from varying points of view to do God's work of caring for all those who need love and grace.
  - v) Positivity and proactivity in facing future challenges.
  - vi) Creating programs for and involving young members and families.
  - vii) Mental health demands with COVID
  - viii) Continue the integration work that Peter brought to the community. Embrace Judaism from whence Christ's ministry sprung. Embrace Islam that sprung from Abraham Judaism. Embrace the poor and ailing for they are not seen but are in our community. Avoid "we/they" thinking between Detroit churches and GPMC. How? By attending Jewish, Islam, etc joint education and worship. Work the food banks. Embrace the "Other" people in GP autism, cancer, poor, disabled.. they are in GP, but they hide because it is not familiar in GP culture.

- b) Economic
  - i) Regional economic issues will continue to be a priority, especially with the COVID-19 impacts we have been seeing
  - ii) Support for jobless, struggling families
- c) Tolerance, Diversity, Inclusion
  - i) Lend support to the African American community as they continue to struggle for justice.
    - (1) Racial justice training
    - (2) Knowledge of our community and its privilege
  - ii) Addressing systemic racism in our church and community. This does NOT mean ‘diversifying’ our congregation but accepting how far we have yet to go in understanding our role and thereby using our position of power to change oppressive systems.
  - iii) Combine a multi-culture atmosphere
  - iv) Address the differences between the "have's" and "have not's" along racial and economic lines, and the role of spirituality in healing these differences
  - v) Inclusion
- d) Education
  - i) Help for youth
  - ii) Uncertain future academic landscape
  - iii) Declining population and student enrollment is a serious problem for both the Grosse Pointes and Detroit
- e) Hunger
  - i) GPMC does a lot for the homeless and hungry--that effort should be expanded upon and done year round
- f) Detroit
  - i) The greatest challenge will likely be the reconnection between Detroit and G.P. following the COVID-19 pandemic. Detroit has been greatly affected while suburbs like G.P. have been less affected. This is also a great opportunity for Memorial Church to be a vocal advocate for partnership with Detroit.
    - (1) Look for post-covid opportunities off site to engage with Detroit (e.g with young families)

**5) Can you identify any unmet or emerging needs in Metro Detroit that Grosse Pointe Memorial Church could address?**

- a) Community
  - i) Continue the partnership that GPMC has had with the Grosse Pointe Schools
  - ii) Active presence in community concern
  - iii) Hunger, homelessness, stress management, and opportunities for the surrounding communities
  - iv) Participation in the GP Victory Garden
  - v) Mental health help for teens. Suicide awareness and local help lines.
  - vi) Continue the embracing and being a part of the wider needs of Metro Detroit. It is ok to say we need healthcare for all. It is ok to say that homelessness exists and our country needs to address it not as a problem but a solution we can be a part of.
  - vii) Work with and interact with Metro Detroit churches.
  - viii) Kindness matters when we have so much division and differences. Keep the Christ-like attitude alive and well in our community.
  - ix) Due to its legitimacy, GPMC could certainly serve as a convener to bring disparate groups together to talk about unmet issues in and around the community
- b) Economic
  - i) Unemployment will likely be a significant concern in the near and not-so-near future. A potential housing crisis will ensue and the loss of revenues at the city government will be a challenge for assisting those in crisis
- c) Tolerance, Diversity, Inclusion
  - i) Civil discourse
  - ii) Equal rights, justice for African Americans
  - iii) Racism continues to be a concern for our community, a tension just below the surface. Diversity issues need to be explored and addressed
  - iv) Inclusiveness

- d) Education
  - i) The long pause in formal education will have a long-term effect on many children, inside and outside of the Detroit area. Everything from accumulating information, learning strategies, and simply having an age-appropriate attention span will all have suffered.
- e) Hunger
  - i) Continuing support of the local food banks. There will be more families that will become food insecure if the recession deepens.
  - ii) Housing and food for needy people
- f) Detroit
  - i) Grosse Pointe churches can help improve the neighborhoods in Detroit.
  - ii) We still have far too many homeless and hungry in Detroit. This pandemic is surely to cause evictions and more homeless. Can we create a homeless shelter in Grosse Pointe?
  - iii) This pandemic has certainly opened the eyes of people as to how much poverty there is in Detroit. If we can continue to provide the assistance we have to our first responders to the people still struggling, it would help get people reengaged.

**6) Is there anything else you think Grosse Pointe Memorial Church should consider as we discern our future role in the Grosse Pointe and Metro Detroit areas?**

- a) Are there partnerships that can be created, or existing partnerships related to safe and affordable housing that GPMC might pursue apart from Habitat for Humanity?
- b) Pledge to address the gap between our communities and find ways to close the gap in all things that the systemic racism has caused
- c) African Americans feel welcome in the Grosse Pointe area
- d) Continue educated ministry. Jesus and God's word is complicated and should not be broken down to entertainment to bring people to church. We should consider that it is ok to be challenged with the 2000 years of learn"ed" text... discernment should be part of the community. If we focus on entertainment as a marketing tool to bring people to the community, then the community investment into the church will be transient and superficial.
- e) Be present

- 
- f) Putting aside the political discord between red/blue people. It's not about party allegiance or race, but access to resources. I think GP Memorial has always been a leader in that regard
  - g) Many people need therapy, would be great if the pastor could offer that in a way of guidance
  - h) Grosse Pointe is still considered elite and snobbish to some. Also, it seems to me, too many young people automatically think of Macomb and Oakland Counties as places to raise a family rather than Grosse Pointe. We need to get more young families to move here! Of course, we need to provide alternatives for seniors to move out of their big Grosse Pointe homes. One problem is seniors who have lived in their big Grosse Pointe home find out they will pay more taxes by moving into a smaller home. Perhaps we could maintain the Headlee cap on homes purchased by those 65 (or 55?) and older.
  - i) I feel GPMC is really engaged already with mission trips and youth programming. It may be helpful to stay engaged with other groups in our community such as The Family Center and Helm
  - j) Reaching out to see what will draw more community involvement to match and meet Community needs. Opening the bubble

## Congregational Survey

The Mission Study Team developed a survey to be sent out to the members and participants of Grosse Pointe Memorial Church. The goal of the survey was to assess GPMC from an internal point of view. The survey was broken into five categories: congregational tasks, worship, the head pastor, participation, and demographics. We assessed both the current climate of GPMC and the future desires of our congregants.

Surveys were sent out via email to everyone who has subscribed to the GPMC email list and hard copies of surveys were mailed out to the list of those who don't have internet access. The MST received a combined 176 electronic and hard copy responses to the survey. A condensed summary of the data is presented below with the full responses available in Appendix F.

### **SURVEY LETTER**

Dear GPMC Members,

Since our formation, your Mission Study Team (MST) has been hard at work collecting data to paint a picture of our church's vision for our future. We are currently working on a self-study of our church and we want you to fill out our survey. We are asking you to let us know which direction the church should be moving in and what kind of pastor we should be looking for to take us there.

Please complete the survey and send it back in the stamped envelope as soon as possible. On July 25, we will draw five names to win a gift card to Starbucks or TCBY—if you would like to be included in the drawing, please write your name and preferred contact information at the end of your survey.

We look forward to hearing your thoughts about Grosse Pointe Memorial's direction for the present and future.

Sincerely,

The GPMC Mission Study Team

## Congregational Conversations

Small group conversations were offered 15 times throughout the summer in person and via zoom meetings to members of the church. Members were given the following to consider:

In preparation for thoughtful participation in the small-group conversations, please consider the following questions:

**1 Why do you participate in the life of Grosse Pointe Memorial Church?**

**2 What do you think God is calling GPMC to do and be?**

**3 How can we strengthen our congregation to respond to God's call?**

Our Mission Study Team designed the following process to engage our members in helping to discern God's voice and mission for our church. The process involved careful and prayerful consideration of who we are and who God is calling us to be, as well as the identification of our collective experiences, gifts, passions, perspectives, and the strengths and needs of our community. The following passages and questions were used to guide each of the discussions.

### **Remembering**

Have a volunteer read Deuteronomy 6:10-12

(Remembering is an important component of our faith. This passage from Deuteronomy reminds us to take heed, "lest you forget." In light of this message think about the following questions.)

1. What is one of the most significant events in the life of the congregation since you became a member/regular participant
2. List special traditions our congregation does every year
3. Why do you participate in the life of GPMC

## **The Strengths of Our Church**

Have a volunteer read aloud I Corinthians 12:4-13

Discuss and share your answers.

(A healthy church exhibits strengths, as outlined in Paul's letter. This question asks us to identify those strengths and compare them to our church.)

1. What does Paul's description say to you about the Church?
2. What three factors from Paul's description ought to apply to all churches?
3. How does Paul's description fit Grosse Pointe Memorial Church?
4. What are some of the needs of our community

As a group devise a list of the strengths of our church.

## **What is Our Vision**

Have a volunteer read aloud Philippians 3:12-14 Write individual responses to the questions or discuss the questions as a group.

1. What do Paul's words say to you about setting goals for the future?
2. What does Scripture say to you about planning (what are we called to do)?
3. How can we equip GPMC to respond to what Paul says we are called to do? (what do we need to strengthen)

## Mission Study Team Conclusion

### **Gratitude**

In the Presbyterian Church (USA), a congregation planning to call a new pastor must first conduct a Mission Study. This time of self-study and reflection helps a church to prepare for its next season of ministry, embrace a new beginning, and call a new installed pastor. The session called a Mission Study Team and a History of Our Story Team (HOST) to develop a report of who we are and where we are going as a church. This project was made much harder by COVID-19, and the closing of the church building, forcing us to use video conferencing and technology to conduct and facilitate most of the study.

Our goal in the prior pages was to paint a clear picture of where we have been, where we are today, and where God is leading us into the future. It is our hope that the Mission Study Report will help GPMC gain clarity about its core values, recognize its context for ministry and how it affects current and future possibilities for growth. We also hope it identifies hopes and dreams for the future that the Session and the new installed pastor can develop into a vision for ministry.

We would like to thank the many congregants and staff who attended the Congregational Conversation and responded to the Congregational Survey. The thoughtful, honest responses allowed this study to be informative, enlightening, and provided a strong foundation for the ensuing pastoral search.

A special thank you to Rev. Mark Diehl for his leadership and encouragement throughout the process. We hope that the Session, the Congregation, and the future Pastor Nominating Committee will use this Mission Study Report as a reference for building on the many gifts of GPMC as we look to the new direction God will show us in our next decades of ministry.

## **Vision Statement**

Roughly eight years ago, the congregation studied its future in a long-term study process and redeveloped its vision and mission statements. We recommend that almost the entire vision and mission statements be kept with some minor tweaks. Our proposed vision statement is:

*“A Light By The Lakeshore”*

Grosse Pointe Memorial Church is an engaged community of faith, celebrating and demonstrating God’s love through worship and service throughout Grosse Pointe, the greater Detroit area and around the world. Grosse Pointe Memorial Church is a member of the Presbyterian Church (USA), and part of the reformed tradition.

## **Mission Statement**

Sealed by the Holy Spirit and marked as Christ’s own forever, we are called and committed to living out our love for God. Through worship, study and service we strive to continue God’s transforming work by worshipping God joyfully, welcoming others graciously, supporting one another lovingly, and faithfully responding to our community and world with compassion.

## **Suggested Qualities for the Next Pastor**

This congregation has been blessed with extraordinary leadership over the course of its history and especially for the last 12 years. Our study has affirmed a desire to maintain strong leadership from the head pastor position. Grosse Pointe Memorial Church is poised to grow on its firm foundation, and our members are seeking a new pastor who will inspire us to continue our growth spiritually and in service to our community. We also seek a pastor who will help us engage in the community to attract new members and young families. The new pastor should have these qualities:

- Excellent communicator
- Continue teaching through bible studies and adult education
- Teach at the level that matches the faith of those being taught

- 
- Preaches bible-based, inspirational, thought-provoking sermons
  - Continue excellence in programming and worship offerings
  - Inspire members to attend worship
  - Facilitate conversations regarding what changes, if any, worship needs
  - Help us reach out to the “unchurched” in our community

## Appendices

### Appendix A: Mission Study Team Timeline

The Mission Study Team (MST) began meeting in March 2020. We were put on a brief hiatus at the beginning of the COVID-19 pandemic and then resumed meeting in May, June, July and August. The team's initial meetings were focused on team building, understanding the process outlined in the provided Manual for the Mission Study Team (MST) Grosse Pointe Memorial Church, and defining the scope, key activities, and process for the mission study as described below.

The MST focused on listening for God's voice in all that we heard during this time, including scripture, the congregants' voices, the voices coming from beyond GPMC's walls, the team members' own voices, and GPMC's stories in its history. Because no single church can be all things to all people, the team listened for our particular needs and calling at this place and time.

#### DEFINING THE SCOPE OF THE MISSION STUDY

Concurrent with the Mission Study guide, conversation with GPMC's liaison to The Presbytery of Detroit's Commission on Ministry, and guidance from Mark Diehl, the scope of the mission study was defined to include an exploration of the history, current status, and future directions for the congregation in the areas of:

- Spiritual health
- Mission
- Membership
- Finances and stewardship
- Roles in and relationship to our community
- Relationship to our presbytery

#### DEFINING KEY ACTIVITIES

To engage, listen, and gather data, the team carried out the following Key Activities:

- Financial Review
- Demographic Study of the congregation and community

- 
- Historical Review of GPMC
  - Congregational Survey
  - Congregational Conversations
  - Community Leader Survey
  - Vision and Mission statement

These key activities are sections of the Mission Study Report that are required by the Presbytery of Detroit's Commission on Ministry.

## REFLECTION AND PLANNING

The MST members reflected on the scope, areas of exploration, and Key Activities defined above. The team met to brainstorm around the goals, key stakeholders, and potential report contents for each Key Activity. Each team member then identified his or her match for interest and skill-set from among the Key Activities. These leaders then individually used relevant resources (including books, other church Mission Studies, websites, church experts, etc.) to map the time-line, needs, resources, and process for each Key Activity, with reports to and reviews by other team members.

## ENGAGING AND GATHERING DATA

Information was gathered by engagement with GPMC members, participants, community leaders, and other stakeholders through the Key Activities listed above. While certain Key Activities were led by one or two individual team members, other Key Activities required a larger team effort, such as the Congregational Gatherings and the Congregational Survey.

## FINANCIAL REVIEW

With the help of GPMC's Director of Finance and Operations, Jim Schultz, CPA, the MST studied GPMC's financial and stewardship data, with a focus on the past ten years.

## DEMOGRAPHIC STUDY

The MST collected demographic data from PC(USA) Research Services, from the Congregational Survey, and the Southeast Michigan Council of Governments (SEMCOG) Community Profiles. These data describe aspects of who we and our neighbors are currently, and

---

who we and our neighbors will be in the coming years. This provided valuable information about the needs of our community as well as how we might reach out to our nearby community and potential new members.

#### CONGREGATIONAL SURVEY

The Congregational Survey captured both demographic data and thoughtful responses to open-ended questions that deepen our understanding of who we are and where we hear God calling us to act and serve.

#### CONGREGATIONAL CONVERSATIONS

Twelve Congregational Conversations took place throughout July and August.

#### COMMUNITY LEADER SURVEY

Through emails, phone calls, and a short survey, members of the MST reached out to 25 groups of community leaders and organizations to learn more about key needs in our community, the role of organizations of faith, and how our neighbors view us. The MST deliberated on the leaders' responses in an effort to discern where and how our passions can be directed to serve our neighbors.

#### ANALYZE AND SUMMARIZE

Once collected, the MST set out to thoroughly review and analyze all information from research, conversations and survey data. We worked both individually and jointly to succinctly summarize the findings that apply to our history, as well as to our current and future direction. We have attempted to synthesize the vast amounts of information gathered into a thoughtful analysis that will be valuable to our church family, and those outside our walls who may be interested in a deeper understanding of Grosse Pointe Memorial Church

## Q4 In the next five years, what challenges and opportunities do you anticipate for the Grosse Pointe and Detroit Communities? Can a local faith community play a vital role in addressing those challenges and opportunities? How?

Answered: 26 Skipped: 0

#	RESPONSES	DATE
1	It's hard to not think about the current crises going on in our country. First, how do we continue to engage families through the church and provide community support during the pandemic. Second, how do we lend support to the African American community as they continue to struggle for justice.	6/3/2020 9:49 AM
2	Yes, but things are too fluid now to project opportunities.	5/29/2020 9:29 PM
3	I think the upcoming economic crisis as a result of the coronavirus will affect the Detroit especially hard. I think GPMC does a lot for the homeless and hungry, but I think that effort should be expanded upon and done year round.	5/29/2020 8:40 PM
4	The greatest challenge will likely be the reconnection between Detroit and G.P. following the COVID-19 pandemic. Detroit has been greatly affected while suburbs like G.P. have been less affected. This is also a great opportunity for Memorial Church to be a vocal advocate for partnership with Detroit.	5/29/2020 3:17 PM
5	I believe faith communities have unique roles in addressing challenges in the surrounding area. Faith communities have access to resources and flexibility to serve those needs. They also have the social capital in the congregation of people with all kinds of vantage points in the community to identify areas with needs. By having the buy-in from your congregation, you are able to have a far reach in terms of who is able to benefit.	5/29/2020 2:58 PM
6	Racial justice training. Emotional maturity. And knowledge of our community and it's privilege. Addressing systemic racism in our church and community. This does NOT mean 'diversifying' our congregation but accepting how far we have yet to go in understanding our role and thereby using our position of power to change oppressive systems.	5/28/2020 8:47 PM
7	Increased tolerance, diversity and economic downturn	5/28/2020 8:19 PM
8	Combine a multi-culture atmosphere	5/28/2020 8:03 PM
9	Tolerance, diversity and inclusion	5/28/2020 7:30 PM
10	Post-Covid there will be issues to address - health care for all, economic recovery, hunger. Yes, a faith community can be active in these areas.	5/28/2020 5:48 PM
11	A new virtual role of the church. Connecting the local suburban and the urban community with outreach.	5/28/2020 2:42 PM
12	Connecting Grosse Pointe with local Detroit communities. Engaging young families in the area, not only in Grosse Pointe but in Detroit. Faith communities can play a vital role in the revitalization of Detroit.	5/28/2020 2:18 PM
13	Attendance in large numbers	5/28/2020 1:18 PM
14	Challenges: we need to continue the integration work that Peter brought to the community. Embrace Judaism from whence Christ's ministry sprung. Embrace Islam that sprung from Abraham Judaism. Embrace the poor and ailing for they are not seen but are in our community. Avoid we/they thinking between Detroit churches and GPMC. How? By attending Jewish, Islam, etc joint education and worship. Work the food banks. Embrace the "Other" people in GP autism, cancer, poor, disabled.. they are in GP but, they hide because it is not familiar in GP culture.	5/28/2020 1:11 PM

15	The GP/Detroit divide may become greater post Covid-19 and bridging the gap through outreach and partner projects will be important. City mission work. interactions taking place off site.	5/28/2020 1:10 PM
16	People need access and information free of drama	5/28/2020 1:07 PM
17	Support for jobless, struggling families. Help for youth.	5/28/2020 12:18 PM
18	Declining population and student enrollment is a serious problem for both the Grosse Pointes and Detroit. Our local faith community can help make the Pointes more inviting for you families of all faiths and ethnicity as well provide support for Detroit residents and neighborhoods.	5/28/2020 12:03 PM
19	addressing the differences between the "have's" and "have not's" along racial and economic lines. and the role of spirituality in healing these differences	5/28/2020 11:58 AM
20	Economic hardship. mental health demands with COVID. fear of the disintegration of the community due to physical distancing requirements. Uncertain future academic landscape. the political landscape is so divisive and who knows what is next. I think GPMC could definitely positively impact these challenges.	5/28/2020 11:15 AM
21	Personally I am seeing a decrease in people involved in the faith community. Maybe this pandemic has brought families together. Bringing ways to support families through organized activities which the faith community can provide.	5/28/2020 11:04 AM
22	Yes! A faith community is a wonderful resource for families, both young and old, and creating a sense of community and individual value.	5/28/2020 11:00 AM
23	Getting young members and their families involved in church community with regular attendance and participation Churches need to provide programs that meet young families needs and schedules	5/28/2020 10:54 AM
24	Keep the values and traditions in place with an eye on future needs. Being positive and proactive is the right approach.	5/28/2020 10:05 AM
25	There are deep divisions in the community. I think we have lost sight of the values that unite us and become distracted by the issues that separate us. We are unable to work with others who think differently from us because we have vilified them. How do you work with someone when you've convinced yourself and others that they are the "enemy"? This has happened on all sides of almost every major issue our community faces. My worry is that people are putting their faith in worldly institutions and not looking to God. I have been guilty of this myself. I absolutely think churches can play a role in meeting the challenges faced by these political, ideological, and personal divisions by encouraging people to look to how God unites us and then build on that connection rather than allowing the enemy to continue to divide us by focusing us on worldly leaders and institutions. We need to look higher. Churches can bring people together from varying points of view to do God's work of caring for all those who needs love and grace. I am willing to help in this work in any way possible.	5/28/2020 9:17 AM
26	I believe regional economic issues will continue to be a priority, especially with the COVID-19 impacts we have been seeing. Yes, local faith institutions will play a key role in helping residents navigate the uncertainty of COVID-19.	5/27/2020 11:13 AM

## Q5 Can you identify any unmet or emerging needs in Metro Detroit that Grosse Pointe Memorial Church could address?

Answered: 26 Skipped: 0

#	RESPONSES	DATE
1	Continue the partnership that GPMC has had with the Grosse Pointe Schools.	6/3/2020 9:49 AM
2	?active presence in community concern	5/29/2020 9:29 PM
3	Hunger, homelessness, stress management, and opportunities for the surrounding communities.	5/29/2020 8:40 PM
4	Unemployment will likely be a significant concern in the near and not-so-near future. A potential housing crisis will ensue and the loss of revenues at the city government will be a challenge for assisting those in crisis.	5/29/2020 3:17 PM
5	I cannot identify a need that is unmet.	5/29/2020 2:58 PM
6	I think I answered that in the last one but I'll go further in saying all the things we currently do are terrific, but we need to come at it from a different angle. I'd love to see participation in the gp victory garden	5/28/2020 8:47 PM

13	Not particularly	5/28/2020 1:18 PM
14	Continue the embracing and being a part of the wider needs of Metro Detroit. It is ok to say we need healthcare for all. It is ok to say that homelessness exists and our country needs to address it not as a problem but a solution we can be a part of.	5/28/2020 1:11 PM
15	Continuing support of the local food banks. There will be more families that will become food insecure if the recession deepens.	5/28/2020 1:10 PM
16	Inclusiveness	5/28/2020 1:07 PM
17	Work with and interact with Metro Detroit churches.	5/28/2020 12:18 PM
18	While downtown Detroit is enjoying a renaissance, the neighborhoods are not so much. Anything Grosse Pointe churches can do to help improve the neighborhoods would be helpful. Of course, we still have far too many homeless and hungry in Detroit. This pandemic is surely to cause evictions and more homeless. Can we create a homeless shelter in Grosse Pointe? Would residents allow it?	5/28/2020 12:03 PM

20	see question 4	5/28/2020 11:15 AM
21	This pandemic has certainly opened the eyes of people as to how much poverty there is in Detroit. If we can continue to provide the assistance we have to our first responders to the people still struggling, it would help get people re engaged.	5/28/2020 11:04 AM
22	I would imagine that the long pause in formal education will have a long-term effect on many children, inside and outside of the Detroit area. Everything from accumulating information, learning strategies, and simply having an age-appropriate attention span will all have suffered.	5/28/2020 11:00 AM
23	Housing and food for needy people	5/28/2020 10:54 AM
24	Kindness matters when we have so much division and differences. Keep the Christ like attitude alive and well in our community.	5/28/2020 10:05 AM
25	Economic disparity	5/28/2020 9:17 AM
26	Due to its legitimacy, GPMC could certainly serve as a convener to bring disparate groups together to talk about unmet issues in and around the community. For example, could GPMC bring together families at different economic classes to discuss our economy.	5/27/2020 11:13 AM

## Q6 Is there anything else you think Grosse Pointe Memorial Church should consider as we discern our future role in the Grosse Pointe and Metro Detroit areas?

1	Personally, I would love to see someone who is raising his or her family along side mine (we have a 3 and a 1 year old). This is more of a personal request than what you are looking for in this survey ;)	6/3/2020 9:49 AM
2	Be present.	5/29/2020 9:29 PM
3	Are there partnerships that can be created, or existing partnerships related to safe and affordable housing that GPMC might pursue apart from Habitat for Humanity?	5/29/2020 3:17 PM
4	Pledge to address the gap between our communities and find ways to close the gap in all things that the systemic racism has caused.	5/28/2020 8:47 PM
5	African Americans feel welcome in Grosse Pointe area	5/28/2020 8:03 PM
6	The above issues will keep any faith community busy for years.	5/28/2020 5:48 PM
7	Not right now.	5/28/2020 2:18 PM
8	Continue educated ministry. Jesus and God's word is complicated and should not be broken down to entertainment to bring people to church. We should consider that it is ok to be challenged with the 2000 years of learn"ed" text... discernment should be part of the community. If we focus on entertainment as a marketing tool to bring people to the community, then the community investment into the church will be transient and superficial.	5/28/2020 1:11 PM
9	Putting aside the political discord between red/blue people. It's not about party allegiance or race, but access to resources. I think GP Memorial has always been a leader in that regard.	5/28/2020 1:10 PM
10	Many people need therapy, would be great if the pastor could offer that in a way of guidance.	5/28/2020 1:07 PM
11	Grosse Pointe is still considered elite and snobbish to some. Also, it seems to me, too many young people automatically think of Macomb and Oakland Counties as places to raise a family rather than Grosse Pointe. We need to get more young families to move here! Of course, we need to provide alternatives for seniors to move out of their big Grosse Pointe homes. One problem is seniors who have lived in their big Grosse Pointe home find out they will pay more taxes by moving into a smaller home. Perhaps we could maintain the Headlee cap on homes purchased by those 65 (or 55?) and older.	5/28/2020 12:03 PM

14	I feel GPMC is really engaged already with mission trips and youth programming. It may be helpful to stay engaged with other groups in our community such as The Family Center and Helm.	5/28/2020 11:04 AM
15	Unfortunately I am not familiar enough with the church and the programs to know what is or is not currently being offered.	5/28/2020 11:00 AM
16	Reaching out to see what will draw more community involvement to match and meet Community needs., Opening the bubble!	5/28/2020 10:05 AM

3	It seems like our church kind of starts relationships, but we don't put in effort to make them last. It would be nice to be more involved with Detroit churches	7/27/2020 4:11 PM
4	Once I have become more stable with respect to some medical challenges, and also feel comfortable regarding the threats of Covid-19 (e.g. have access to safe/effective vaccine), I would like to be personally more involved with the above ministry.	7/20/2020 12:58 PM

7	I believe GPMC already does a good job of participating in activities & programs with other local religious groups & congregations but perhaps they could do this more often with the youth at our church. ie: joint retreats for seekers with other area presbyterian churches.	6/23/2020 3:43 PM
8	middle school and high school programs can be stronger. i do not feel that the current leadership is doing enough to engage and interact with both the children/students AND families.	6/23/2020 1:05 PM

## Q34 What else would you like the leadership team to know?

Answered: 62 Skipped: 114

#	RESPONSES	DATE
1	Would like a published church directory again with addition in the bulletin of information on new members when they join (not a separate sheet slipped into the bulletin that causes clean-up problems after the service). It makes for more ease in greeting them or getting in touch with them for inviting them personally to join in certain events.	8/26/2020 8:19 PM
2	I love you.	8/16/2020 2:28 PM
3	I'd like the pastor nominating committee to seriously consider younger, up-and-coming candidates, rather than pastors nearing the end of their careers. Also, I really miss preaching that is focused on the lectionary text and recent events in our community and the world. "Timeless" sermons that have little to say to the specifics of this time and place are getting old.	8/12/2020 8:07 PM
4	We need an energetic pastor with vision and passion rooted in scripture. We need someone to inspire and challenge and allow us to grow.	8/2/2020 7:50 PM
5	GOOD LUCK!	8/2/2020 4:33 PM
6	Need more emphasis on alternative, more uplifting worship and music. Need better promotion and emphasis on Sunday School	8/2/2020 10:38 AM
7	The survey was somewhat difficult to complete as we have not been together for five months. I am grateful for the opportunity to worship with the online service.	8/2/2020 10:33 AM
8	Email blast hard copy delivered by my grandchildren. I feel very blessed to be part of this congregation since 1952.	7/27/2020 6:50 PM
9	Please get a minister	7/27/2020 6:37 PM
10	This is a warm, beautiful church with many, many wonderful people. The music has always been a beautiful, spiritual part of this church, enjoying singing hymns. Currently, the leader Jim Biery and the choir are exceptional.	7/27/2020 6:18 PM
11	This is too long	7/27/2020 5:57 PM
12	Dear Study Team, In a most sincere attempt to complete this survey as well as my wish to be of most help to you, I have been made to realize that GPMC has very adequately fulfilled our church's expectations. You can see that by the questions I have answered we have always wished the church was more successful addressing the social justice issue so prevalent in our community, hopefully that, too, will change. Best wishes, Jean Hudson	7/27/2020 5:46 PM
13	I hope the next pastor is pleasant, outgoing, and passionate. Communication is key. I don't think calling attention to social, community, and world issues should come from the pulpit	7/27/2020 5:17 PM
14	I know it's a tough sell, but I REALLY think we need more than two full-time pastors. When I was younger and we had fewer members, we had four pastors at one point. I feel like we're setting our staff up for burn-out and a toxic work environment by only having two full time pastors--it stretches them so thin and with our church constantly getting new members, we just need more pastoral help.	7/27/2020 4:37 PM
15	Although it is not the typical process it is also not completely impossible; given these unique circumstances of an ongoing global pandemic as well as a widespread pastoral shortage, please at least consider exploring Rev. Sarah Godbehere as our next head of staff, she is a wonderful fit for this congregation, especially during these extenuating and difficult situations.	7/25/2020 7:28 PM
16	I love the faith community at Memorial. I believe we need more pastoral support for the Head Pastor we call. Peter had exceptional gifts but he tried to be all things to all elements of our congregational life and that energy could not be sustained. Clearly, our children's program is an essential element of our church life -- we have Sarah and Lisa dedicated to this ministry. We need Associate Pastors who can be responsible for helping members grow in their faith and develop their gifts to grow our ministries. I love the Light by the Lakeshore slogan but I feel like we expect everyone to come to our light...we do not go out and shine our light as we should (we share our money but not our time and talents). Thank you for the opportunity to respond.	7/24/2020 4:28 PM
17	We need people who care about people. We need people who actively listen and approach every single person in the congregation as though they are family.	7/22/2020 7:44 PM
18	2 Choir only Hymns on Xmas eve, MAX	7/22/2020 1:22 PM

19	I am deeply indebted to our church staff and church family for all the support they have provided me and my wife over the past 39 months of serious medical challenges and I hope that we somehow have the opportunity to provide such support to individuals and families experiencing similar challenges.	7/20/2020 2:01 PM
20	I can't think of anything else. The survey was very thorough.	7/20/2020 11:00 AM
21	Pastors come and pastors go. The church is my community and I stay because of the community. It is a way to be in a large metropolitan area and be connected to other people. With a church of our size, the head pastor cannot be all things to all people. Under Bruce Rigdon, our congregation had a large lay leadership group. Bruce was a theologian, an educational and spiritual leader, not really involved in the mundane details of the church, which allowed a strong lay leadership group to develop to fill the void. He was also involved in the world outside of the church. Peter Henry tried to do it all, which meant there was no room for or need for strong lay leaders. It was clear what Peter wanted and the councils accommodated him. Whatever pastor we get next, whatever vacuum is created will be filled by the congregation. We won't know how that will transpire until we've had a new pastor and see what role she takes on. I'm confident that whatever the new pastor does not do, that the congregation desires, will be filled by lay leaders, or by hiring a staff person(s) to fill the appropriate roles. Before Peter, we had had an emphasis on reducing the staff and keeping within a particular budget. That all went out the window. One can easily argue for fewer paid staff. Whenever you have a paid position, the role for volunteers is reduced. Basically, the message becomes, we don't need you, we have a paid staff member to do that job. Peter also emphasized looking poor. The church was renovated in the mid to late 1990's, with custom furnishings coordinated with individual room decor. Whether you liked it or not, it was relatively new (in church time) and serviceable. Much disappeared during Peter's tenure. I was not involved in most of those decisions so I don't know what happened. But, it's embarrassing to be sitting in used furniture that isn't as nice as the furniture replaced in Barbour Chapel and the second floor meeting rooms, when hosting guests in the space.	7/18/2020 9:59 PM
22	This was a very tedious survey. I almost quit because it was so long, I thought the questions were often vague. This survey didn't appear to be written for our congregation as I expected.	7/15/2020 2:41 PM
23	I believe GPMC needs to increase its capability to attract new members as the current active portion of the congregation is not young. The key to GPMC in recent years for us has been the strong interpersonal and preaching skills of the senior pastor as well as the contribution of the music program to worship.	7/15/2020 2:22 PM
24	I finished the main part but had to leave before I could add this. What I really liked about Peter was, he was young. But more importantly, he had children in the local school district. I think this was very important, to learn what was really going on in our schools, with the students that attended. Not from the administrators, the teachers or counselors, but the students. I think it is important to have a link with the schools. I believe this will enable us to better serve our entire community. There is a lot going on right now and I think every opinion matters. Plus, I think it would be a strength we could add to the many things we do, when looking for new folks to join us. Especially the younger adults, just starting out, maybe just starting families, still looking for a footing. I feel some type of link needs to be established between GPM Church and the students, who eventually, will be our future leaders. To really "give an ear" to the students struggling now, with so many, many different issues, it may lead us to ways, to really be stewards to these young folks & expand our understanding, of the needs of our community.	7/12/2020 10:03 AM
25	Thank you for the collaborativeness of interactions of the work of this congregation & the respect for each other in planning, implementation & celebration of our spiritual lives & work.	7/11/2020 9:55 AM
26	The pastoral ministry of Carol Marks has meant so very much to me and my family and our entire congregation. Her roll and consistency of service to GPMC is absolutely at the essence of God's loving presence always among us! Pastoral services should always be a top congregational priority.	7/9/2020 4:48 PM
27	Thank you !	7/8/2020 4:08 PM
28	I believe Sunday services should be no more than one hour. I very much liked with Peter Henry did to make that happen. He would adjust the number of songs or announcements or something in the service to keep it within one hour frame.	7/8/2020 8:23 AM
29	I think the ministry of the word can be deeper and more biblicly based. I am worried that our church is losing its depth in its preaching. I fear this is happening because of social positions	7/6/2020 11:36 AM

that the church is taking which are contrary to the bible and its teaching. As a result, the scriptures can no longer be treated as authority and the true word of God. What is the position of the church on this issue?

30	Peter Henry was all of the 'above'. He didn't pound us with his theology, but led us. He was friendly to all, but friends of no "one". There wasn't a "pastoral clique. He was truly a gift to our congregation!	7/5/2020 11:40 AM
31	Let's be cautious about pulling up our roots. We must work inside tradition and the feeling of stability it brings, and yet allow current trends a place in our community.	7/2/2020 11:17 AM
32	It is critical that leadership of church remain politically neutral in these divisive times. There are so many needs in our area and country that can be addressed without taking a Republican or Democratic bias and that can be supported by all. I believe this will be the greatest challenge going forward - maintaining unity and a common purpose; finding the difference between beliefs and rights; not alienating members while shedding light and encouragement to be willing to hear other views and other beliefs that may not align with a member's current beliefs.	6/29/2020 5:05 PM
33	We do not like political lecturing. We are not racist, but are told that we, the congregation, are.	6/27/2020 11:47 AM
34	I am very grateful for my relationship with GPMC. I value highly the traditions and people and the public celebrations of our relationships with God.	6/27/2020 12:11 AM
35	Let's get this ball rolling!	6/26/2020 6:17 AM
36	I pray for your work to yield wonders.	6/25/2020 2:04 PM
37	That they are seen as kind and caring church leaders.	6/25/2020 1:53 PM
38	So pleased with the effort to communicate with the congregation during the pandemic. Great Job.	6/25/2020 1:25 PM
39	I'm here to help	6/25/2020 10:07 AM
40	Appreciate where GPMC stands currently with regard to pandemic, Black Lives Matter and other social issues, as well as the ongoing excellence of online worship services.;you all have the great ability to pivot/ adjust to various situations and be there for us. Thank you!	6/25/2020 7:42 AM
41	I would hope our new minister would be energetic and personable. He/she I hope would be well-versed in Bible interpretation as it relates to everyday life. I would like the new minister to take a personal interest in our community and serve on community boards if he/she has the time and interest. I would hope the new minister would participate in adult mission trips, but could also relate to youth and their mission trips as well as their Christian education.	6/24/2020 1:20 AM
42	Try to replicate Peter Henry. He was the best pastor in recent years. Youth, enthusiasm, engaging, good preaching, personal touch, giving of self.	6/23/2020 5:29 PM
43	I think GPMC does a good job with everything!	6/23/2020 3:59 PM
44	There is much emphasis on activities for the under 30 and over 60 crowd. There is a huge void for 40-60 yo - especially those without children.	6/23/2020 3:18 PM
45	People think they are friendly during coffee hour but are just speaking to people they are acquainted with. Hard to fit into the circles.	6/23/2020 2:17 PM
46	Hope you find a great person to lead us!	6/23/2020 2:03 PM
47	We need a new and accurate phone directory. It should not be responsibility of Communications Committee but of staff.	6/23/2020 1:35 PM
48	Change is difficult and we are not so good at it, e carful until everybody is on board.....	6/23/2020 12:58 PM
49	Really looking forward to returning to in person worship!	6/23/2020 12:56 PM
50	Too much emphasis on music.	6/23/2020 11:22 AM
51	Had this survey been given immediately after Peter left, the answers would have been more positive. Even before the pandemic, worship had lost meaning and GPMC feels like it is just paused	6/23/2020 11:11 AM
52	Writing a Weekly sermon is not an easy task and I know that Peter did it best and delivered it	6/23/2020 10:59 AM

in a special. Sarah learned from the best and I look forward to her preaching.. Otherwise, I feel like I am back in the past in my youth at the Methodist church where the enthusiasm is lacking.

53	Thanks to all for providing spiritual guidance and support during the Covid 19 virus	6/23/2020 10:21 AM
54	I will be sorely disappointed if the team does not choose a young, dynamic, socially liberal person as Pastor. If the team chooses an older, socially conservative person as Pastor I'll leave. Since you're asking, I really became concerned and distressed with the interim placement of Rev. Diehl who, I have to say, consider a stiff. If this choice portends what's coming, permanently, then, OY! Way too old. Long, rambling sermons. Way too long. (Although I have to give him credit for his e-letter re. racism/politics/religion.) I've introduced myself to him (not the other way around) several times. He just went through the motions and made the right noises but I always got the vibe that he knew he was in an interim position so why make the effort. Why can't you guys do something BRAVE and out of the box like elevate Sarah to be the new Pastor. I know it's not the 'Presbyterian' way, but she's perfect. People would go WOW! Maybe things ARE changing!	6/23/2020 10:21 AM
55	Inspiring, thoughtful preaching was the main reason we selected GPMC - and we have had excellent preachers in all the years (30) since. We sincerely hope that can continue.	6/23/2020 10:20 AM
56	Thanks for all of your work and volunteering your time and talents to help the church and our community!	6/23/2020 10:15 AM
57	That they are the best! God bless them all!!	6/23/2020 10:11 AM
58	I understand no one can replace Peter and that whomever you find will have their own gifts. I pray you are able to find someone as energetic, thought-provoking, and as committed to the community.	6/23/2020 10:01 AM
59	I hope to find a Minister that I can relate to that uplifts me at the end of the sermon and gives me positive hope in facilitating the Word and spreading that Word during the week.	6/23/2020 9:35 AM
60	As a member, due to the fact the church is closed it is very hard to think about getting a new minister in the middle of a pandemic. Zoom's appeal is wearing off. Adding a new minister into the mix implies change and challenges. Right now people want reassurance and calm. I am Sure it cannot be easy for the committee to think about this right now, so good luck to all.	6/23/2020 9:26 AM
61	The musical style is overly formal which seems in disharmony with a very progressive mission.	6/23/2020 9:24 AM
62	We appreciate staff who go above and beyond the call of duty.	6/23/2020 9:15 AM

**The Strengths of Our Church:** Corinthians 12:4-13 -(A healthy church exhibits strengths, as outlined in Paul's letter. This question asks us to identify those strengths and compare them to our church)

1. What does Paul's description say to you about the Church?
  - God gives us different gifts, and talents, interest, leadership opportunities, find own niche where your spiritual talents are.
  - Weaving, we are all different and woven together we become a beautiful tapestry.
  
2. What three factors from Paul's description ought to apply to all churches?
  - One body though many parts-head of body is Christ
  - Trinity
  - Called to follow gifts God gave us-each to their own best ability with their individual spiritual gift. Serenity prayer. Righteous will live by faith (Romans 1:17)
  
3. How does Paul's description fit Grosse Pointe Memorial Church?
  - Gives opportunity to lead in your strengths
  - We need the gifts of many to reap the benefits of the large or whole
  - It takes a village
  - We have gifts that compliment each other
  - We all have our ups and downs and sometimes we care and sometimes we are taken care of.
  - We try to reach out to people with different strengths through our different activities (focused on different interests)
  - The Nominating Committee has focused on people's talents to match them up with councils.

- Large church equals lots of opportunity (Mission/outreach, music, lay readers, children involved in service)
- If it's not offered and you want to lead it - the opportunity is there
- Seek the thing that brings you joy
- In terms of skills it applies
- No one has to do it all, together we bring to the table most everything that is needed to be good witnesses to Christ
- We all pick each other up now and then
- Intergenerational church

- Everyone encouraged to participate in some way
- The older age group is a strength of our church
