

Count me in!!!

Your name: _____

_____ I would like to make a zippered pouch as shown. I will bring the following:

- fabric for outside of pouch – one fat quarter or assorted scraps at least 10" wide, (24) 2" squares
- fabric for lining – one fat quarter or scraps at least 10" x 8"
- interfacing – 10" x 16"
- nylon coil zipper 11" or longer
- Thread to match

_____ I want to join in this collaborative effort to create a modern stained glass wall hanging for the church foyer. I understand that all materials will be provided and that I am only responsible for making one block. This pattern is foundation paper pieced and does not have to be completed at the retreat. Makers not joining the retreat are welcome to join the fun!

_____ I want to make a personal ironing station for myself. I understand that I need to bring (1) wooden topped t.v tray table similar to the one shown. I also need to bring whatever fabric I want to cover it in. The fabric should be "home dec" weight and measure 10" larger than the top of the table itself (for example, if the table top measures 18" x 21", the fabric should measure no less than 28" x 31"). If you have access to a staple gun and extra staples, please bring them along.
